INDEPENDENT AUDITOR'S REPORT

Mayor and Members of Council Borough of Marietta Marietta, Pennsylvania

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Marietta as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Qualified Opinion on the Aggregate Remaining Fund Information

As discussed in Note 1, the Nonuniformed Pension Trust Fund has not been included in the aggregate remaining fund information in these statements. The amount that should be recorded in this fund is not known.

Qualified Opinion

In our opinion, except for the omission described in the "Basis for Qualified Opinion on the Aggregate Remaining Fund Information" paragraph, the financial statements referred to above present fairly, in all material respects, the modified cash basis financial position of the aggregate remaining fund information of the Borough of Marietta, as of December 31, 2018, or the changes in modified cash basis financial position, thereof for the year ended in accordance with the basis of accounting described in Note 1.

Unmodified Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, business-type activities and each major fund of the Borough of Marietta, as of December 31, 2018, and the respective changes in modified cash basis financial position, thereof for the year then ended in accordance with the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Report on Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Marietta's basic financial statements. The combining capital project fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining capital project fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole on the basis of accounting described in Note 1.

Disclaimer of Opinion on Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Marietta's basic financial statements. The budgetary comparison information on page 22, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Matters

Management has not presented the management's discussion and analysis that governmental accounting principles generally accepted in the United State of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Borough of Marietta were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. The Governmental Accounting Standards Board (GASB) is the authoritative standard-setting body for the establishment of governmental accounting and financial reporting principles. The more significant of these accounting policies are as follows:

A. Reporting Entity

In evaluating the Borough as a reporting entity, management has addressed all potential component units, which may or may not fall within the Borough's financial accountability. The criteria used to evaluate component units for possible inclusion as part of the Borough's reporting entity are financial accountability and the nature and significance of the relationship.

Based on the above criteria, the following is a component unit of the Borough:

Marietta Borough Authority – The Authority was organized by the Council of the Borough of Marietta to construct a sewage system for the Borough. The Borough appoints members to the Authority and has a potential burden to finance the operations of the Authority. For the year ended December 31, 2014, the Authority's status was considered inactive.

This report includes all of the funds of the Borough of Marietta with the exception of the Nonuniformed Pension Trust Fund.

B. Fund Accounting

The accounts of the Borough are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent.

C. Basis of Presentation

Government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the governmental and business-type activities of the primary government. As a general rule, the effect of interfund activity has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately in the government-wide financial statements from business-type activities, which rely, to a significant extent on fees and charges for support.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Borough's governmental activities. Direct expenses are those that are clearly identifiable within a specific function or segment. Program revenues include charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. In addition, program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund financial statements are also provided in the report for all of the governmental funds and the proprietary fund of the Borough. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation (Continued)

The Borough reports the following major governmental funds:

The general fund is the Borough's primary operating fund. It accounts for all financial resources except those required to be in another fund.

The <u>capital projects fund</u> accounts for transfers from other funds and related investment earnings for capital outlays not accounted for in another fund. This fund includes the capital reserve fund, flood control project fund and the sewer improvement fund.

The <u>state liquid fuels fund</u> is a state mandated fund used to account for financial resources related specifically to maintenance of the Borough's streets.

Additionally, the Borough reports the following nonmajor governmental funds:

The <u>special revenue funds</u> account for the proceeds of special revenue sources that are restricted to expenditures for specified purposes. The fund included in this category is:

The <u>Fire Tax Protection Fund</u> was established to account for the portion of the real estate tax receipts levied for fire taxes. Disbursements from this fund are to reimburse the volunteer fire company located within the Borough for expenses incurred or future expenditures per agreement.

<u>Proprietary Fund Types</u> are used to account for the operations of the Borough that are financed and operated in a manner similar to those often found in the private-sector. The fund included in this category is:

The enterprise fund is used to account for the operation of the sewer.

D. Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements regardless of measurement focus.

The Borough's accounts are maintained, and these statements are presented, on the modified cash basis of accounting under which income collected, costs and expenses paid, assets, liabilities, fund balance and net position arising as a result of cash transactions or from the acquisition of long-lived assets, for cash are recognized. Receivables, payables, and deferred expenses, which may be material in amount, are not reflected in the accompanying financial statements which are not intended to present the financial position or the results of operations in conformity with generally accepted accounting principles. Receivables and payables between the Borough and other taxing authorities resulting from cash transactions are reflected in these financial statements. Operating tapping fee revenue represents the costs to connect a tap. Non-operating tapping fees are used for future capital improvements.

E. Budgets and Budgetary Accounting

An operating budget is adopted every year for the general fund on a modified cash basis of accounting.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. <u>Budgets and Budgetary Accounting</u> (Continued)

The Marietta Borough Council may make transfers of funds appropriated to any particular item of expenditure by legislative action in accordance with the Borough Code of the Commonwealth of Pennsylvania. Budgetary information reflected in the financial statements is presented at the department level of budgetary control and includes the effect of approved budget amendments.

Appropriations lapse at the end of the year. In order to preserve a portion of an appropriation for which an expenditure has been committed by a purchase order, contract or other form of commitment, an encumbrance is recorded. Encumbrances outstanding at year-end are reported as assigned fund balance. As of December 31, 2018, the Borough did not have any encumbrances.

F. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

G. Capital Assets

Capital assets are not recorded and are considered an expenditure when purchased. No depreciation has been provided for in these financial statements.

H. Long-Term Debt

Long-term debt arising from cash transactions of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and the payment of principal and interest are reported as expenditures.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

J. Cash, Cash Equivalents and Investments

Cash and cash equivalents are defined as short-term, highly liquid investments that are readily convertible to known amounts of cash and include investments with original maturities of three months or less.

All investments are stated at cost, which approximates fair value.

K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources until then. During the year ended December 31, 2018, the Borough did not have any deferred outflows of resources.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. <u>Deferred Outflows/Inflows of Resources</u> (Continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources until that time. During the year ended December 31, 2018, the Borough did not have any deferred inflows of resources.

L. Net Position Flow Assumption

Sometimes the Borough will fund outlays for a particular purpose from both restricted and unrestricted resources. It is the Borough's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

M. Fund Balance Policy

The Borough implemented GASB 54, Fund Balance Reporting and Governmental Fund Type Definitions, to address issues related to how fund balance was being reported. GASB 54 requires the fund balance amounts to be properly reported within one of the following fund balance categories:

Nonspendable – amounts that are not in spendable form (such as inventory) or required to be legally or contractually maintained intact,

<u>Restricted</u> – amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation,

<u>Committed</u> – amounts that can be used only for the specific purposes determined by a formal action of Borough Council (the Borough's highest level of decision making authority). Borough Council is required to also take formal action to modify or rescind the commitment,

<u>Assigned</u> – amounts intended to be used by the Borough for specific purposes that are neither restricted nor committed. Assignments can made by the governing body itself or by its designee,

<u>Unassigned</u> – residual classification for the Borough's general fund and includes all spendable amounts not contained in the other classifications. Negative unassigned fund balance may be reported in other governmental funds if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned to those purposes.

Committed Fund Balance Policy

The Borough's committed fund balance are amounts required to be reported by Borough Council, either because of Borough Policy or because of motions that passed at Borough Council meetings.

Assigned Fund Balance Policy

The Borough's assigned fund balances are amounts the Borough intends to use for a specific purpose as expressed by the Borough's Treasurer. The Borough adopted a Fund Balance Policy in December 2011 authorizing the Borough's Treasurer to assign fund balance.

Order of Fund Balance Spending Policy

The Borough's policy is to first apply restricted fund balance, then committed, assigned, and unassigned, respectively when an expenditure is incurred for purposes for which amounts in any of these classifications could be used.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Fund Balance Policy (Continued)

Minimum Fund Balance

Borough Council has adopted a formal minimum fund balance policy. Council will strive to maintain a minimum unassigned fund balance of not less than ten percent (10%) and not more than twenty percent (20%) of the budgeted expenditures for the fiscal year.

N. Changes in Accounting Standards

During the year ended December 31, 2018, the Borough adopted Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. The primary objective of this statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (OPEB) included in the general-purpose external reports of state and local governments. The adoption of this standard does not currently impact the Borough.

O. Date of Management's Review

Management has evaluated subsequent events through May 2, 2019, the date the financial statements were available to be issued.

NOTE 2 - DEPOSITS AND INVESTMENTS

Pennsylvania statutes provide for investment of governmental funds into certain authorized investment types including obligations of (1) the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, (2) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth, or (3) any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.

The Borough holds investments in the Pennsylvania Local Government Investment Trust (PLGIT). In accordance with the Government Accounting Standards Board, PLGIT funds are valued at amortized cost. The amortized cost method involves valuing a security at its cost on the date of purchase and recording a constant amortization or accretion to maturity of any discount or premium, regardless of the impact of fluctuating interest rates on the market value of the investment. Although not registered with the Securities and Exchange Commission and not subject to regulatory oversight, PLGIT acts like a money market mutual fund in that its objective is to maintain a stable net asset value of \$1 per share, is rated by a nationally recognized statistical rating organization, and is subject to an independent annual audit. PLGIT does not have any limitations or restrictions on withdrawals from the fund.

Deposits in savings accounts or time deposits or share accounts of institutions insured by the Federal Deposit Insurance Corporation are authorized to the extent that such accounts are so insured and, for any amounts above the insured maximum, provided that approved collateral as provided by law is pledged by the depository.

Interest Rate Risk

BB&T - Money Market

The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Management does monitor rates of returns for investments on a monthly basis.

Credit Risk

The Borough does not have an investment policy that would limit its investment choices to certain credit ratings. As of December 31, 2018, the Borough's investment in PA Local Government Investment Trust was rated AAAm by Standard & Poor's.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

NOTE 2 - DEPOSITS AND INVESTMENTS (Continued)

Custodial Credit Risk - Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Borough will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. As of December 31, 2018, all of the Borough's investments of \$360,654 were exposed to custodial risk as:

Insured or Registered	\$	
Uninsured or unregistered with securities held by counterparty's trust department	Ψ	-
Uninsured or unregistered held by the counterparty or by		
its trust department not in the Borough's name	36	60,654
	\$ 36	30,654

All interest and noninterest bearing demand accounts are aggregated in total by financial institution and are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC). Time and savings accounts are also insured up to \$250,000 by FDIC.

Concentration of Credit Risk - Deposits and Investments

More than 5% of the Borough's deposits and investments are held at BB&T. Total deposits and investments as of December 31, 2018 were \$1,594,863 of which \$1,590,757 was invested in BB&T. This represents 99% of the Borough's deposits and investments. The balance of \$4,106 was invested in PA Local Government Investment Trust.

NOTE 7 – PROPERTY TAXES

The Borough of Marietta did not report taxes receivable or deferred taxes under the modified cash basis of accounting. The amount of real estate taxes outstanding at December 31, 2018 was \$52,365, all of which was estimated to be collectible by management.

Based on assessments provided by the County, the Borough levies property taxes. The taxes are collected by the Borough. The property tax for the year ended December 31, 2018 was 5.15 mills (\$5.15 per \$1,000 of assessed valuation) for general purposes. The property tax for the year ended December 31, 2018 for fire tax protection services was .75 mils (\$.75 per \$1,000 of assessed valuation). A 2% discount is given on taxes paid prior to May 1, the face amount is payable May 1 – June 30 and a 10% penalty is assessed on payments received after June 30. Unpaid taxes as of December 31st are submitted to the tax claim bureau for collection on January 15th of the year following assessment.

NOTE 8 - NONUNIFORMED PENSION TRUST FUND

The Borough of Marietta established a nonuniformed pension trust plan effective January 1, 1987. The plan is a defined contribution money purchase pension plan through Principal Mutual Life Insurance Company and covers nonuniformed employees who are 21 years or older and have one year of eligible service. The employee's benefits become 20% vested with 2 years of eligible service and increase 20% per year, until the employee has 6 years of eligible service, at which time the benefits are 100% vested. The normal retirement requirement is attained at age 65. Contributions are made by the Borough for eligible employees in an amount equal to 18% of their annual pay. The contribution for the year ended December 31, 2018 was calculated using annual wages of \$183,773.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

NOTE 9 - THE MARIETTA-DONEGAL JOINT AUTHORITY

The Marietta-Donegal Joint Authority owns and operates the sewage treatment plant that serves Marietta Borough and East Donegal Township. The Borough makes payments to the Joint Authority for sewage treatment based on a rate of \$68.50 per unit. The total rent paid from the Sewer Fund for the year ended December 31, 2018 was \$405,834.

NOTE 10 - SUSQUEHANNA REGIONAL POLICE DEPARTMENT

On July 1, 1996, the Borough of Marietta, Conoy Township, and East Donegal Township created the Susquehanna Regional Police Department. Each municipality agreed to contribute assets of their individual police forces. Each municipality also agreed to contractual terms to an ongoing financial responsibility to fund the operations based on formulas established in the contracts. Each municipality also appoints one of the current government officials to the governing board of the regional police force. The Susquehanna Regional Police Department is a separate legal entity. For the year ended December 31, 2018, the Borough paid \$390,720 to the Susquehanna Regional Police Department.

NOTE 11 - CONTINGENCIES

Grant Programs

The Borough participates in various federal and state funded grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Accordingly, the Borough is potentially liable for any expenditures which may be disallowed pursuant to the terms of these grant programs. The Borough's management is not aware of any material items of noncompliance, which would result in the disallowance of program expenditures.

NOTE 12 - RISK MANAGEMENT

The Borough is exposed to various risks of loss related to theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Borough has purchased various insurance policies to safeguard its assets from risk of loss. Insurance coverage appears to be consistent with previous years. During the year ended December 31, 2018 and the two previous fiscal years, no settlements exceeded insurance coverage.

NOTE 13 – EXPENDITURES IN EXCESS OF BUDGET

The Borough's General Fund total expenditures exceeded budgeted amounts by \$5,660. The additional expenditures were appropriated from excess revenues received during the year.

NOTE 14 - SUBSEQUENT EVENTS

In February 2019, the Borough awarded a bid for the Basin E Phase 1 to Kenyon Pipeline Inspection, LLC in the amount of \$260,903.

In February 2019, the Borough awarded a bid for the Oil, Chip and Fog Coat project to Martin Paving, Inc. in the amount of \$22,962.
